DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

Imagination to Reality.....!!

2015 - 16

VOLUME 1 ISSUE 1

DEPARTMENT VISION AND MISSION

VISSION

Develop professionally competent Computer Science Engineers to serve the society.

MISSION

We, at the Department of Computer Science and Engineering are committed to achieve our vision by:

- M1. Imparting outcome based education through effective teaching learning process.*
- M2. Providing exposure to latest tools and technologies in the area of Computer Science.*
- M3. Including research and Industry-institute in teraction.*
- M4. Involving stakeholders for continuous development.*

From HOD's Desk

Prof. Dr. Zakir Ali

I take the privilege to welcome you all to the Dept. of Computer Science & Engineering at Secab Institute of Engineering & Technology, Vijaypur. The very motto of our department is to provide quality education and to be recognized as an innovative and leading Computer Science & Engineering department in the University and beyond. The process of learning is extremely important in life.

The Department has been offering excellent facilities with a variety of open source computing platforms to aspiring professional students to meet the current trends of the IT industry. The department endeavours to produce confident professionals tuned to real time working environment. The department offers excellent academic environment with a team of highly qualified faculty members to inspire the students to develop their technical skills and inculcate the spirit of team work in them.

The strength of the department is highly motivated students who understand the dynamics of the industry and tune their skills accordingly. Along with academic knowledge Secab Institute of Engineering & Technology, Vijaypur also trains its students to face the challenges in life by providing value added education to enhance their career prospects.

I would be happy to see you as a member of Computer Science & Engineering family at Secab Institute of Engineering & Technology, Vijaypur.

"The Archer is known for his ability but not for his Arrow"

Events

Seminar on “ CYBER CRIME” On 28 November 2015 by Shri Hamza Hussain, D.Y.S.P. State Intelligence, Bengaluru.

Seminar/Guest Lecture On “ Basics of Speech processing, Production and Perception” held on 13 May 2016 By Dr. Shashidhar G. Koolagudi, Asst Professor N I T K Surathkal.

Industrial Visit 2015-16

Nadini Factory visit on 27 Feb 2016 . Vijayapura Dairy, Bhutanal, VIJAYAPURA

Workshop

Two days National level workshop on:
“WEB APPLICATIONS AND WEB SERVICES” in collaboration with Innovatum.com and under the Banner of ISTE (Indian Society for Technical Education) on 9/10/2015 and 10/10/2015.

INNOVATUM is a practical learning center with mission of making engineering education a practical approach. The purpose of this workshop is to create an environment where students can learn and implement the technologies in practical manner Enhancing and surfacing their leadership and entrepreneurial qualities in them.

Induction Program

The Department of computer science and engineering organized fresher program on september 10th 2015 The program was inaugurated by honorable principal. The key note speaker addressed the importance of technical education.

It was a fun filled event at which the fresher got the opportunity to interact with the seniors. Finally the program ended leaving behind sweet memories hat will be cherished lifelong.

Project Exhibition

The department of CSE organized project exhibition which witnessed the participation of the final year students. The main objective of this exhibition was to provide the preliminary knowledge of the projects and provide an opportunity for the students to demonstrate their learning experience.

Life is a cup of coffee

A group of alumni, highly established in their careers, got together to visit their old university professor. Conversation soon turned into complaints about stress in work and life. Offering his guests coffee, the professor went to the kitchen and returned with a large pot of coffee and an assortment of cups - porcelain, plastic, glass, crystal, some plain looking, some expensive, some exquisite - telling them to help themselves to the coffee.

When all the students had a cup of coffee in hand, the professor said: "If you noticed, all the nice looking expensive cups have been taken up, leaving behind the plain and cheap ones. While it is normal for you to want only the best for yourselves, that is the source of your problems and stress

Be assured that the cup itself adds no quality to the coffee. In most cases it is just more expensive and in some cases even hides what we drink. What all of you really wanted was coffee, not the cup, but you consciously went for the best cups... And then you began eyeing each other's cups.

Now consider this: Life is the coffee; the jobs, money and position in society are the cups. They are just tools to hold and contain Life, and the type of cup we have does not define, nor change the quality of life we live. Sometimes, by concentrating only on the cup, we fail to enjoy the coffee. Savor the coffee, not the cups! The happiest people don't have the best of everything. They just make the best of everything. Live simply. Love generously. Care deeply. Speak kindly.

Students Achievements

CSE Toppers

III Semester Result

| Name | Rank |
|------------------|------|
| Saima Rafat | I |
| Nagaraj Bagalkot | II |

V Semester Result

| Name | Rank |
|--------------|------|
| Shrinidhi K. | I |
| Sana M. S. | II |

VI Semester Result

| Name | Rank |
|--------------|------|
| Heena Kousar | I |
| Umme Habiba | II |

- 1) Ayisha Kalburgi secured 1st Place in Paper presentation organized by: Dr. P. G. HALAKATTI College of Engg. & Tech, Vijayapur-586101
- 2) Final year students participated in Inter-Institute Events.

Easy to judge the mistakes of others
Difficult to recognize our own mistakes
Easy to talk without thinking
Difficult to refrain the tongue
Easy to hurt someone who loves us
Difficult to heal the wound
Easy to forgive others
Difficult to ask for forgiveness
Easy to set rules
Difficult to follow them
Easy to stumble on a stone
Difficult to get up
Easy to make mistakes
Difficult to learn from them
