Student coordinator

## From the Desk of HOD

The department gives exposure to its students, not only to the regular Engineering curriculum but also to the aspirations of today's corporate world, by inculcating a professional attitude in them. Our short term training programs and workshops by the resource persons from IITs, NITs, National research centers, Industries give our students a cutting edge in technical exploration, enhance their information search, analysis skills and shape our students for the jobs hereafter.

Apart from teaching, our faculty members are deeply engaged in research work, as it gets demonstrated from the awards, recognition, funds for the projects from different science and technology departments. Students are encouraged to join various technical and non-technical forums, participate in different technical platforms which in turn give them exposure to their career as Engineers.

This academic year, we have again started with number of curricular and non-curricular activities. GATECLUB is one of them; a great effort put by our dedicated faculty members for benefit of the students. GATECLUB is an initiative to promote our students towards the competitive world by training them with a systematically structured course and also to make them ready to face the competitive exams easily after graduation.

I am confident that the students of the present batch would justify the credibility of the department by showing a high level of professional competence in their respective job areas.

Dr. S. J. Arwikaar

### OUR VISION

To prepare professionally competent and socially responsible Civil Engineers

### MISSION

We at Department of Civil Engineering are committed to achieve our vision by,

- Imparting academic excellence through outcome based education.
- Preparing students through skill oriented courses to excel in their profession with ethical Values.
- To promote research and consultancy for industrial and societal needs.
- Strengthening relationship with stakeholders for continuous development

## Faculty Development Program

Department of Civil Engineering organized a faculty development program on "Outcome based education" from 5th to 9th August 2019 in the seminar hall. FDP was conducted in association with NITTR Chennai and VTU belagavi. The resource persons were Dr. E. S. M. Suresh, professor, NITTR Chennai and Dr. Shivakumar velappan, associate professor at NITTR bengaluru. The resource persons delivered talks on all the fundamentals of outcome based education system and its implementation. This Faculty Development Programme (FDP) addressed the need to enhance the knowledge about the latest Outcome Based Education (OBE) and with its assessment and evaluation. Around 70 faculty members from different departments were benefitted by the program. The program was coordinated by Mr. Niyaz Dafedar.

*"There can be little doubt that in many ways the story of bridge building is the story of civilization. By it we can readily measure an important part of a people's progress"*

**Franklin D Roosevelt, 1931**

## Sport's day celebrations

The National Sports Day in India is celebrated on 29<sup>th</sup> august every year. This is the day of History, Signifying the day commemorating birth anniversary of Hockey 'Wizard' Major Dhyan Chand. The department celebrated the day with lot of eagerness and enthusiasm. Cricket and volleyball matches were conducted in the department.

## *Fresher's party & Engineer's day*

Department of civil engineering hosted its Fresher's Party and Engineer's day celebrations on 1<sup>st</sup> Oct, 2019. The extravaganza of "Parichaya 2K19" started at was celebrated with great pomp. The students of the new batch received some time off to enjoy the fun aspect of their life at the department. Several cultural activities like singing, dancing, modeling, skits, group, and solo acts were organized to welcome them and pump them up for the new academic year with extra zeal and vibrancy.

Along with the fresher's party, the Engineers' Day was celebrated, in honour of Bharat Ratna Sir Mokshagundam Visvesvarayya as a tribute to one of the greatest engineer of the country for his outstanding contribution to society. The celebration was attended by a large number of students, faculty and staff members. Fresher's party and Engineer's day were celebrated together to motivate and inspire and to sow the seed of engineering in minds of freshers. The program was graced by Er. Iqbal hussain Dhundasi (Rtd. Deputy chief engineer, minor irrigation dept. vijayapura), Er. Shakeel ahmed kasar (Chartered engineer, kasar associates, vijayapur), Er. Shashidhar Angadi (AEE, Minor irrigation dept.) and Er. Hameed Gogi.

## *Students Achievements*

Final year students of our department participated in a national level student's techfest "Advitiya-19" hosted by KLE's institute of technology Hubballi. Mr. Deepak Naik bagged the first prize in "Need for CAD" event. And Mr. Musaib and Mr. Salman ali bagged the second prize in paper presentation. The event was organized on 21<sup>st</sup> of September 2019.

## Toppers of the Department

Ms. Shahana Sangapur (90.71%)

Ms. Sunita D. S. (88.71%)

Mr. Md. Sayed Bepari (87.14%)

*“It is a great profession. There is the fascination of watching a figment of the imagination emerge through the aid of science to a plan on paper. Then it moves to realization in stone or metal or energy. Then it brings jobs and homes to men. Then it elevates the standards of living and adds to the comforts of life. That is the engineer’s high privilege.”*

*By Herbert Hoover*

## Ph.D. News

Mr. Saleem Malik Yarnal, assistant professor, has been registered for Ph.D. in J.S.S. science and technology university Mysore.

Dr. Aslam Hutagi, associate professor, has been awarded Ph.D. from V. T. U. Belagavi, for his research on geopolymers concrete under the guidance of Dr. K. B. Khadirnaikar.

## *Alumni meet - MILAN'19*

Department of civil engineering organized Alumni reunion "MILAN'19" on 27th of october 2019 in a grand manner. The meet commenced at 10AM with the department visit followed by grand get-together at 'Spoorti resort'. The meet was inaugurated by honorable president of SECAB Association Shri. S. A. Punekar by watering the plant.

The president in his address praised the contributions of alumni towards the growth of the department and institution. He briefed the college activities and the growth of the institution and association. Mr. M. H. Kolhar, presented the activities carried out in the department and the alumni activities happened during the past fiscal years.

The event ended with group photographs and networking Lunch.

## *Contribution towards the Society*

North Karnataka was hit with very heavy rains in1st week of August 2019. Thousands of people were evacuated to safer places and relief camps. A total of 61 people have been killed and seven lakh have been displaced.

Department of civil engineering, collected flood relief fund on the eve of Independence day August 15<sup>th</sup> from the students, teachers and parents. Later on, the collected fund was transferred to Chief Minister's natural calamity relief fund through district collector's office.

## Site Visits

Final year students of our department were taken for an industrial visit to Aqueduct being constructed near Buranapur, Sindagi road on 17<sup>th</sup> of July, 2019. They were accompanied by faculty members Mr. M. H. Kolhar, Mr. Abdussami Nadaf, Mr. Niyaz Dafedar etc. Department of civil engineering conducts such visits every semester to introduce the students the practical work environment and the field techniques in use. This visit was coordinated by Mr. S. S. Kulkarni. Pre-final year students visited a Church construction site in the center place of the city (i.e., near Gandhi chowk) on 12<sup>th</sup> October 2019, gained knowledge about placement of slab and its reinforcement, formwork & scaffolding.

*The story of civilization is, in a sense, the story of engineering – that long and arduous struggle to make the forces of nature work for man's good"*

***L. Sprague de camp***

## Alumni's Words

My College days are unforgettable and in fact those days are the most happiest & fruitful days in my life. I proudly feel that I cherished every moments of my college. However with the guidance from enthusiastic teachers all the efforts made by me were rewarded at last. I participated in the grand Alumni Reunion – Milan' 19. I enjoyed a lot with my old friends. We can see the many changes in the college and our department. Dedicated faculties of Civil department are organizing number of events, workshops and training the students with programs out of their syllabus, really encouraging the students to polish their hidden talents in number of ways.

Ms. Samreen Balebai  
Assistant Engineer,  
Irrigation department, GOK  
Alumni of 2015 batch
